

Mathematics

Measurement

We are learning how to compare and measure length/ height, weight/ mass.

Place Value

This term we will be focusing on number order and patterns to 100. The children will say which numbers are greater or smaller by comparing the tens and ones in a 2 digit number.

Addition and Subtraction

We will keep practising different strategies to gain fluency adding and subtracting 1 and 2 digit numbers.

Multiplication and Division

The children will be introduced to the concept of multiplication as counting in steps of 2s, 5s and 10s as well as 'groups of.' Then, the children will look at division as sharing. They will begin to solve one step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.

Fractions

Children will read fractional notation and find halves and quarters of shapes and quantities.

Money

We will continue to recognise coins up to £1 and find different ways of making an amount.

Time

Children will sequence events, as well as practise telling the time to the hour and half hour.

English

Our author focus this term will be Alexis Deacon.

Fantasy:

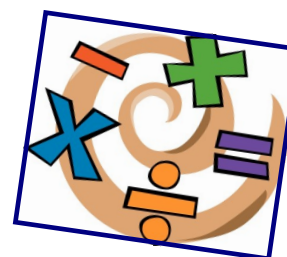

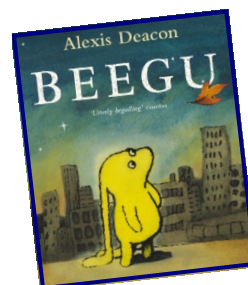

We will read some of Deacon's stories meeting the adorable alien Beegu and exploring her feelings about being on Earth. We will then read Croc and Bird and discover what these unlikely friends get up to.

Retell:

The children will use story maps and picture prompts to help them retell stories. They will be taught that a story has a beginning, a middle and an end. We will continue to consolidate the use of capital letters, finger spaces and full stops as well as the use of adjectives and interesting openers.

Reading:

We will be focusing on developing the children's reading and children need to bring their book bags and reading books every Wednesday so that we can read with them as often as possible. Please ensure that you read with your child daily and feedback to us about how they are doing using the Reading Record.

Year 1
Magnolia and Juniper

RE & PHSE

Our PSHE topic this term are Britain and Money Matters.

We will discuss which groups we belong to, explain how to be a good neighbor and discuss things that may help or harm a neighbourhood. We will describe what it is like to live in Britain, identify similarities and differences between British people and learn why it is important to have differences.

In Money Matters we will discuss the difference between things we want and things we need. Identify ways to keep money and our belongings safe and discuss different sources that money can come from.

In **RE** we will be learning about Hinduism in the first half term and Judaism in the second half term. We will discuss beliefs and important festivals for each religion.

Physical Education

We will have two P.E. sessions a week. On **Monday**s with a sports coach, and on **Friday**s with the class teacher.

This term we will be doing athletics—running, jumping and throwing—and continue to develop our ball skills—dribbling and passing.

The **PE kit** must include black trainers/plimsolls, black jogging bottoms/shorts and white T-shirt.

Year 1 Curriculum Information Summer term

Homework

Home learning activities

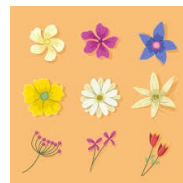

We are continuing to send homework **every other Friday** that will also help keep you up to date with what we are learning. It includes some oral maths activities, topics to talk about in Chattertime and a creative project to choose from.

Your child will also be given a reading book and a phonics activity or book every Friday so please make sure to bring in their book bags

Science

'Plants' and 'Seasons'

We are learning about wild and garden plants. We will go on a plant hunt around the school to find the different plants we have at Benthall and compare their different parts whilst also growing our own plants from seed.

Lastly, we will look at seasons. Every new seasons we have been on the lookout for the different changes. We shall make a weather chart and a season wheel and learn the months of the year.

Benthall Creative Curriculum

Where did she go?

Time Travel

This term we will be learning about Amy Johnson, the first English female pilot to fly solo from London to Australia.

We will look at her life and accomplishments, using different sources such as photographs and books. We will place events in Amy's life on our timeline that we started during our Victorian topic to understand how travel and the role of women began to change.

Lastly, we will plot her journeys on a map and recap our knowledge of the seven continents and five oceans.

ICT

The children will begin to develop their skills in simple coding games using Purple Mash.

We will also learn about basic spreadsheets. We will be able to use the words rows and columns and insert and move pictures into our spreadsheet.
